RECEIVED

JUN 26 2006

PETITION UNDER 37 CFR 1.182

OFFICE OF PETITIONS

Sir:

The Petitioners hereby request that the Patent Office accept Powers of Attorney signed by less than all Applicants of the above-referenced application. (see MPEP §402.10). Please charge the Petition Fee of \$400.00 as required by 37 CFR 1.17(f) to Deposit Account 19-0065.

Specifically, the rights in the subject application are owned by Regeneration Technologies, Inc. and the University of Florida Research Foundation, Inc. This application is currently the subject of a separate Petition under 37 CFR §1.137(b) for Revival of an Application for Patent Abandoned Unintentionally. Due to the unique circumstances in this case, each owner believes that it should have its own counsel, at least for the purpose of filing the Petition to Revive. Counsel for each party will sign the submissions to the Patent Office; however, the Petitioners request that correspondence be directed to:

OFFICE OF PETITIONS

RENEWED PETITION UNDER 37 CFR 1.137(b) FOR REVIVAL OF AN  
APPLICATION FOR PATENT THAT CO-ASSIGNEE, UNIVERSITY OF FLORIDA  
RESEARCH FOUNDATION, BELIEVES WAS ABANDONED UNINTENTIONALLY ON  
ITS BEHALF

Sir:

A Petition and Fee for a two-month Extension of Time accompanies this Petition.

This renewed Petition under 37 CFR 1.137(b) is being submitted in response to the Office's Decision on Petition dated December 22, 2005 (hereinafter the Decision) in which the University of Florida Research Foundation's original Petition under 37 CFR 1.137(b) for Revival of an Application for Patent Abandoned Unintentionally (herein after the Original Petition) was dismissed.

In dismissing the Original Petition, the Decision states that the Petitioner failed to meet two requirements (37 CFR §§1.137(b)(1) and (3)) for a successful petition. The Decision also identified an issue regarding the multiple owners of the application in question and the need for a Power of Attorney from each owner.

C:\Documents and Settings\DPoolapier\Local Settings\Temporary Internet Files\OLK7\rev-2-Petition to Revive doc\ONB\la

The Petitioners appreciate the Senior Attorney's careful review of this matter and have endeavored herein (including the attached Statements and Facts, which constitutes an integral part hereof) to address the issues with regard to the two unfulfilled requirements, as well as the Power of Attorney.

With regard to the Power of Attorney, upon review of this matter, the two owners of the patent application (Regeneration Technologies, Inc. and the University of Florida Research Foundation, Inc.) have agreed that, for purposes of this Petition, counsel for each owner should sign the submission.

Please note that the Petitioners are submitting herewith, as suggested in the Decision, a Petition under 37 CFR 1.182 in which the Petitioners request that the Patent Office accept separate Powers of Attorney for the two owners in this case. As noted in the 1.182 Petition, it is believed that the separate Powers of Attorney help to document that each owner is represented. The Petitioners further believe that the separate powers will not represent any undue burden to the Office.

Attached herewith are two executed Revocation of Power of Attorney and New Power of Attorney forms. The first, which was previously submitted, is executed by the University of Florida Research Foundation, Inc. The second executed Revocation of Power of Attorney and New Power of Attorney form is executed by an appropriate representative of Regeneration Technologies, Inc. and gives Power of Attorney to Donald J. Pochopien. This Renewed Petition is signed by representatives of both assignees.

Furthermore, attached hereto and made an integral part hereof, is a copy of the Original Petition. By virtue of the execution of this Renewed Petition by representatives of both owners, the Petitioners submit that all papers have now been submitted with proper Power of Attorney.
